

Arlease Williams
Candidate for President of SPALC

I am an exemplary employee in the Lee County School District for over three decades in the transportation department and I've decided to use my proven leadership skills and run for President of SPALC.

I bring a vast experience of knowledge that will guide the unit with professionalism. Serving for two decades as Union's Stuart, the Chief Stewart in 2020, current Vice President of transportation and a bargaining team member. My main goal is to "steadfastly continue to advocate for the unit at the highest level."

My qualifications include assembling focus groups, training future leaders, assisting with grievances and representing all members to obtain positive results.

I promise to restore trust in our Union, to fight for all employees in every department and to be transparent and honest. I'm asking you to get in this fight with me and vote Arlease Williams for SPALC President.

Thank you
Arlease Williams
