

My name is Roderick Wilson. I have worked in the district for 11 years and I have been an active SPALC member for nine years. I am trustworthy, driven, and ready to lead SPALC into a new era! I see the importance of continuing to move SPALC forward. I promise to bring all of me to the table. Now is the time for us to stand as ONE UNIT!

WE ARE SPALC!

SPALC has an amazing group of members that will continue to be the driving force we need to be successful. I promise to bring transparency, open communication, and integrity to the position. Everyone will be informed at all times. I vow to listen to ALL members because the members are what make the Union thrive.

Let's begin a new era with **Roderick Wilson** as your next **President!**
